User Guide Regnology Fusion Statistics Delivery Artifactory

1. Introduction

The Regnology Delivery Artifactory provides an integrated support functionality for accessing and downloading Regnology Delivery artifacts. This article describes the process to get delivery for download.

2. Access to the Regnology Delivery Artifactory

The Regnology's Delivery Artifactory can be accessed from the Regnology Portal via single sign-on (SSO).

You can also access it using this URL: **Login - JFrog (services-reg-tech)**

If you encounter any problems with accessing the Portal, please raise a ticket or send an e-mail to **portalaccess@regnology.net**.

3. Using the Regnology Delivery Artifactory
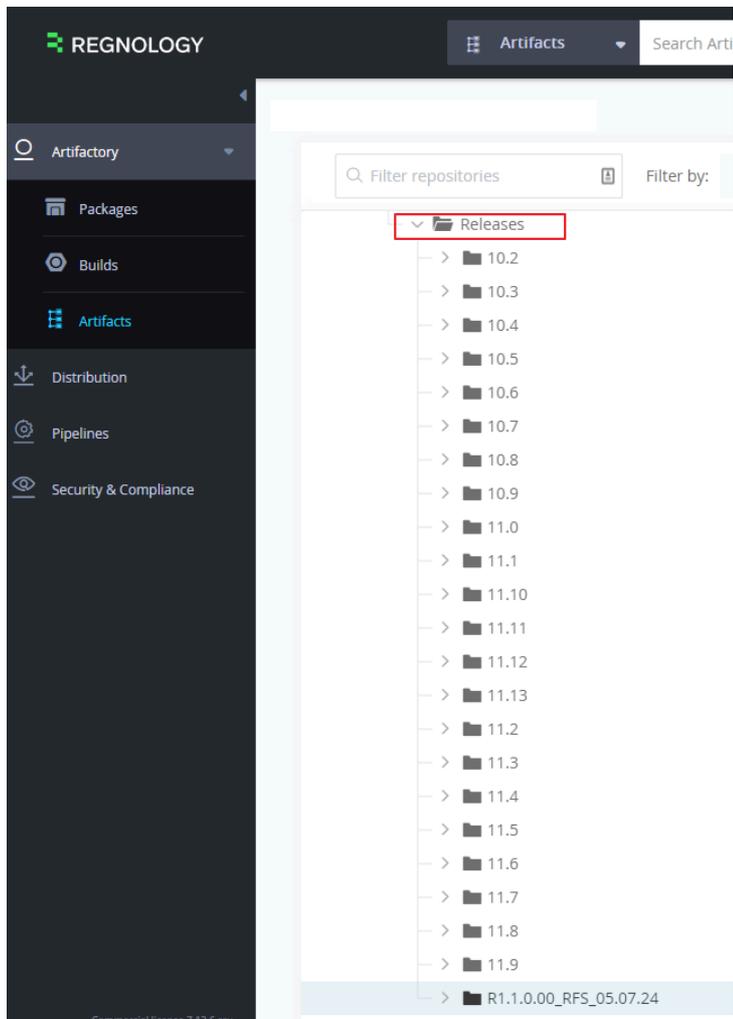

3.1 Accessing the Artifacts

Upon logging to the Regnlogy Delivery Artifactory, the home page is shown from where you can access the menu on the left (See image below):

From the menu, select 'Artifacts' to view a list of artifacts available to you according to the user rights ascribed to you during set up by IT.

You can select from the artifacts to see it's details and to download.
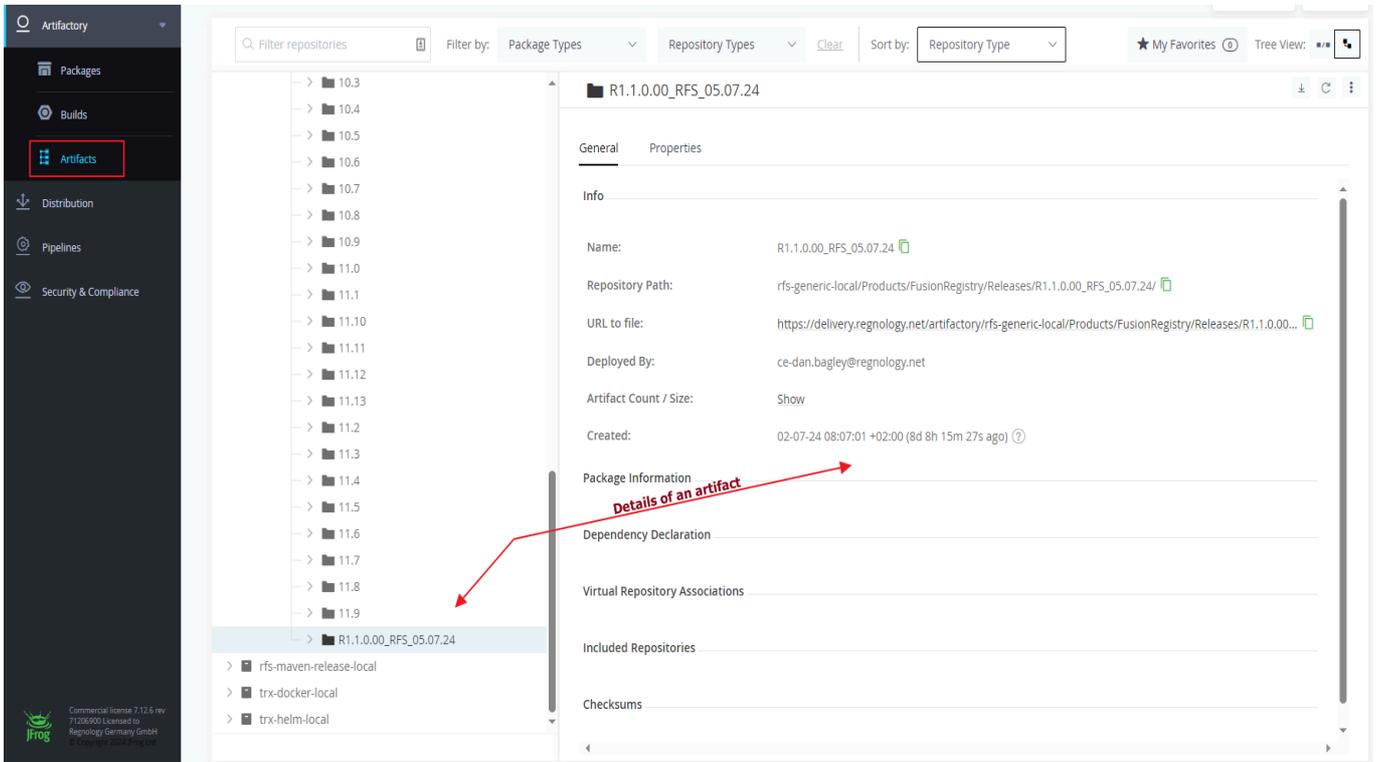

The following screenshots shows the artifacts available to a Regnology Fusion Statistics user:

3.2 Downloading Artifacts (Releases)

The list of available artifacts can be accessed via Login > menu on the left > Artifacts.

Selecting an artifact allows you to view its details as shown in the screenshot below:

In the '**General**', you can download artifacts by clicking on the download icon in the top right of the page.

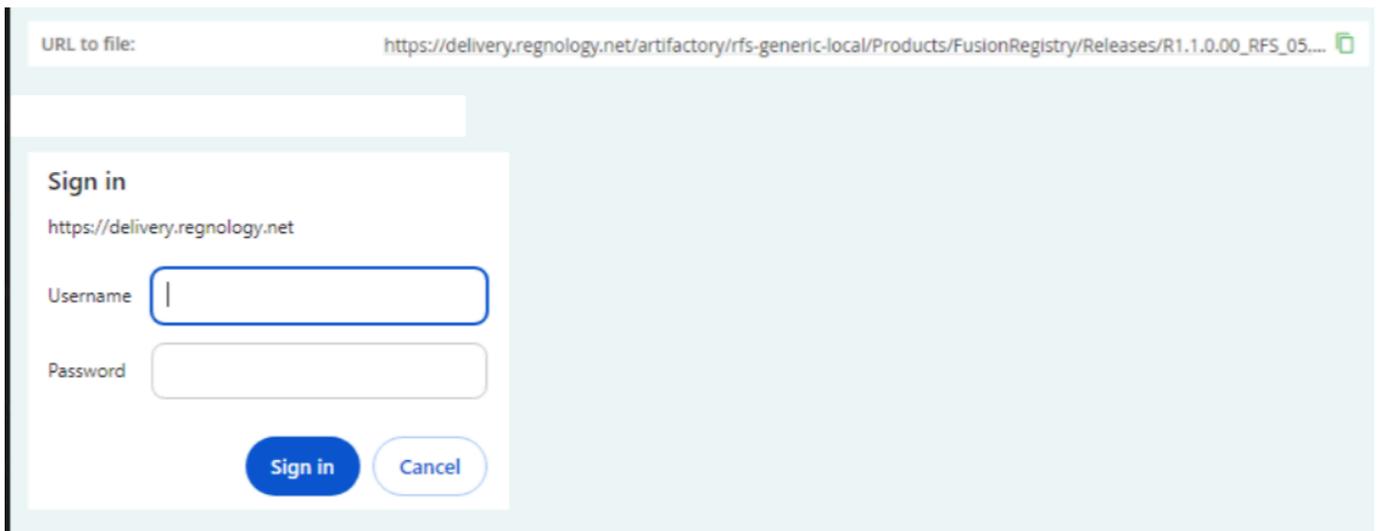

You can also download by right-clicking on the artifact and selecting 'Download' from the options displayed. See image below:

Note: You can also download folders but their size must not exceed 1024 MB.

Clicking on the URL to file link will result in a logging pop up for user sign on again. You don't need that.

3.3 Searching Artifacts

You can also search for relevant artifacts using the search bar. To do so, click on the search bar, go to 'Artifacts', then to 'Search Artifacts', enter the artifact name you are looking for and click search.
