

How to obtain a Release

The Fusion Registry Statistics products are available via the Regnology Delivery platform, Artifactory. To access this platform, visit the Regnology site:

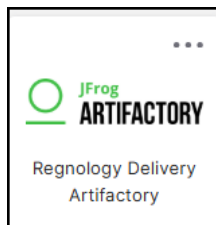

<https://www.regnology.net/en/customer-area/>.

Scroll down and click as shown below.

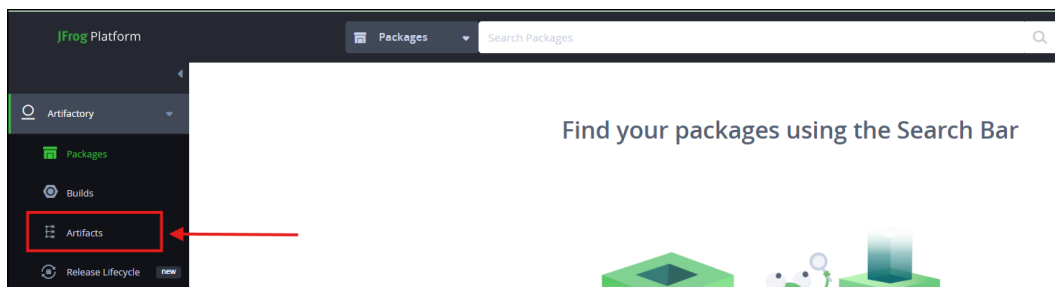

To access the Portal, you need to login with valid credentials. If you encounter any problems accessing the portal, please email the Portal team [via this link](#).

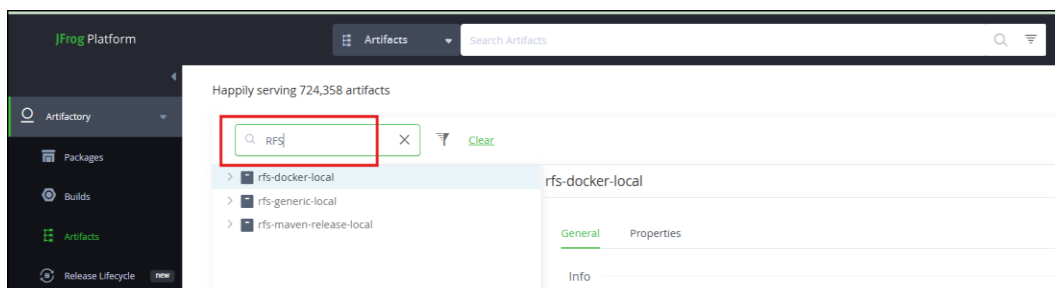

Having Logged in, select the option JFrog ARTIFACTORY.

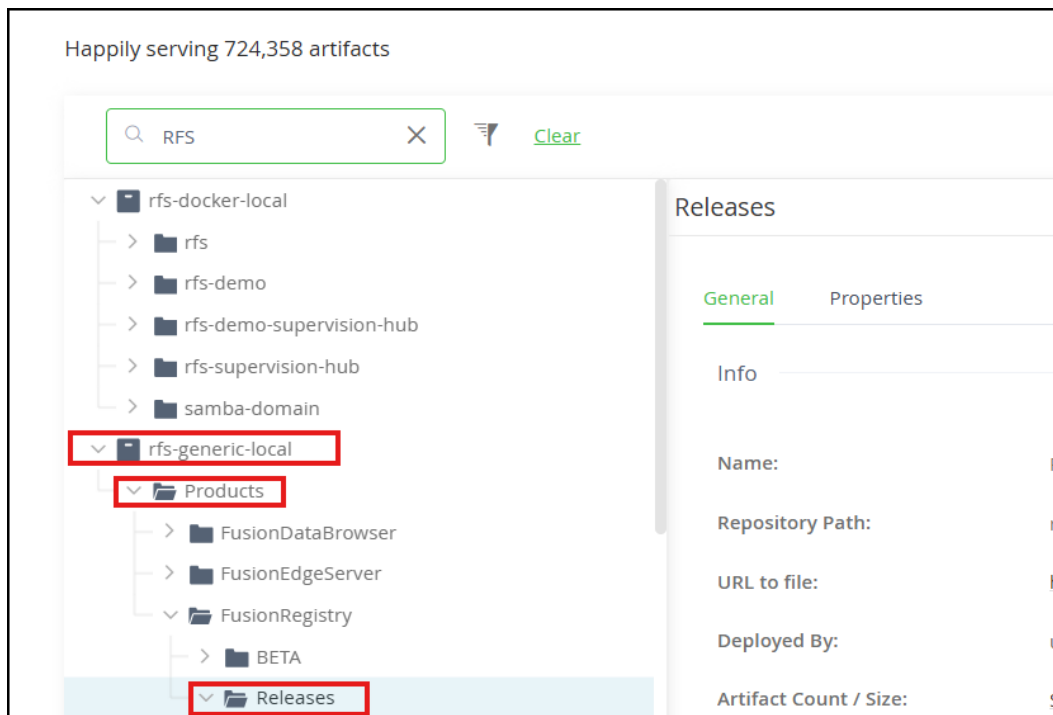

The home page will open, select the option Artifacts from the left-hand menu.

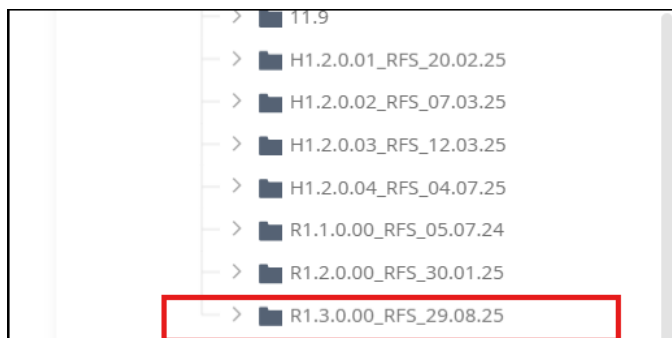

A list will appear, to filter it to display Regnology Fusion Statists, simply type in RFS as shown below.

Next select rfs-generic-local, then Products, then Fusion Registry then Releases.

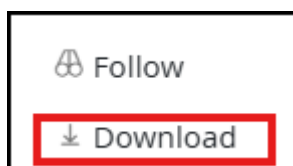

Expand the Releases folder to see a list of Releases, scroll down the end to view the latest.

Open the folder to display the detail

Right click on the zip file and select download.

The file will be downloaded and placed in your downloads folder.
